Greetings SRJC Colleagues,

We are writing to share an update on SRJCs strategic planning efforts and invite your participation in the planning process. We are committed to engaging the community in SRJCs strategic planning efforts. Feedback from students, employees, and community members has already led to significant updates. The Board of Trustees approved the revised Mission, Vision, and Values statements in Fall 2022 (Board Policy 1200) reflecting the diverse voices across SRJC. Building on this foundation, SRJC identified strategic initiatives and goals through Town Halls, with the Board reviewing these initiatives in Spring 2023.

**Action Steps:** The Strategic Planning Actions Workgroup is now focused on identifying actions to bring these initiatives and goals to fruition. We are seeking your suggestions for actionable steps that align with at least one Strategic Initiative and its related goal. Your input will help create impactful Action Steps to support SRJC students throughout their educational.
